0:0:0.0 --> 0:0:8.430
ANH QUAN HUA
Yeah. So for this week later on, our team will have a meeting to discuss or a progress on the.

0:0:9.440 --> 0:0:33.930
ANH QUAN HUA
Analysis That everyone has done so after that gonna have a discussion on like what member, how how everyone's doing and what should be completed. And I expected for them to finalize their analysis by next week. So by next week we can start documenting and then work on implementing the dashboard.

0:0:35.260 --> 0:0:37.420
ANH QUAN HUA
That is the plan right now for our team.

0:0:39.680 --> 0:0:44.530
SHASHVAT JOSHI
Ohh OK so for the dashboard one on which system are you planning to implement that?

0:0:46.30 --> 0:0:49.750
ANH QUAN HUA
Yeah, probably starting from next week, I reckon.

0:0:50.880 --> 0:0:57.550
SHASHVAT JOSHI
So Candace system be used by the other teams from like IoT, DevOps team. If you want to integrate with that.

0:0:59.110 --> 0:1:2.170
ANH QUAN HUA
Yeah. So that is my plan like.

0:1:8.340 --> 0:1:11.280
SHASHVAT JOSHI
Hmm hmm.

0:1:3.590 --> 0:1:24.140
ANH QUAN HUA
Uh, we. We need to like 4 to semester develop New York like a template for everyone to use or template or like a guideline for everyone to use. So what should people start with and how should they approach with dashboard? Because there are definitely limitation.

0:1:24.640 --> 0:1:25.20
SHASHVAT JOSHI
Yep.

0:1:25.510 --> 0:1:31.400
ANH QUAN HUA
On, you know, choosing the reset and how can you modify the data on Tableau. So yeah.

0:1:33.260 --> 0:1:40.80
SHASHVAT JOSHI

OK, so by next week I'm assuming I would be able to get some documents because we have to start working on the group task.

0:1:41.260 --> 0:1:44.50
ANH QUAN HUA
Yes, for sure for sure we will.

0:1:43.780 --> 0:1:44.980
SHASHVAT JOSHI
I want, yeah. Why?

0:1:44.870 --> 0:1:56.120
ANH QUAN HUA
Umm yeah, I will uploading my notebooks for the analysis and I hope everyone in the team member can upload that to the team channel so that we have something on there.

0:1:56.880 --> 0:1:59.270
ANH QUAN HUA
Uh, we have a meeting at around 6:30.

0:2:0.660 --> 0:2:0.950
SHASHVAT JOSHI
Yeah.

0:2:0.460 --> 0:2:2.360
ANH QUAN HUA
After this, so yeah.

0:2:3.110 --> 0:2:9.770
SHASHVAT JOSHI
Nice to start. Uh, on Tuesday we had the leadership meeting. I think you all have been allocated to tutors. Mr shivar. Mr. David Tay.

0:2:10.380 --> 0:2:10.830
ANH QUAN HUA
Umm.

0:2:11.340 --> 0:2:24.780
SHASHVAT JOSHI
Yeah. So, uh, they were asking from each uh, like data analysis IT team from each project that we're working on and for the sales one, I've mentioned that you guys will be working on the marketing side plus the Tableau dashboard one for this trimester. I hope that's alright.

0:2:25.660 --> 0:2:26.930
ANH QUAN HUA
Uh, yeah, yeah, yeah, sure.

0:2:27.330 --> 0:2:35.290
SHASHVAT JOSHI
Uh, so I'm assuming for your Sprint task for for the last week of August when it's gonna start, you will be focusing on the dashboard one.

0:2:36.610 --> 0:2:39.660
SHASHVAT JOSHI
In the Sprint or is is there something new that you want to work upon?

0:2:40.800 --> 0:2:42.850
ANH QUAN HUA
No, currently it's just the bathroom, I think.

0:2:44.360 --> 0:2:46.790
SHASHVAT JOSHI
OK. How many juniors do you have in your team?

0:2:47.810 --> 0:2:50.700
ANH QUAN HUA
As far as I know, only one which is NITHINI.

0:2:51.400 --> 0:2:54.80
SHASHVAT JOSHI
OK, I'll with me. Have you of skilled in the tableau?

0:2:56.460 --> 0:3:1.970
NITHINI BOGAHAWATTHA
Yeah. So I was just using the data set, which is nice gammas.

0:3:2.460 --> 0:3:2.750
SHASHVAT JOSHI
Hmm.

0:3:8.70 --> 0:3:8.310
SHASHVAT JOSHI
You know.

0:3:9.700 --> 0:3:9.980
SHASHVAT JOSHI
Hmm.

0:3:2.700 --> 0:3:11.430
NITHINI BOGAHAWATTHA
And then I was just doing like, the stuff which I've been doing in the previous unit. Like I'm just trying out. Yeah, I've been working on tablet.

0:3:12.220 --> 0:3:16.60
SHASHVAT JOSHI
How is this that in from? I think after the intermission break.

0:3:24.530 --> 0:3:25.30
NITHINI BOGAHAWATTHA
OK.

0:3:17.240 --> 0:3:31.380
SHASHVAT JOSHI
I don't know which student has been allocated, but they would be. You know, having some

mentoring session on specific dates within the week and all juniors and seniors have to attend those they can, they cannot. It's up to them, but they will be accessing your past us.

0:3:33.800 --> 0:3:54.480
SHASHVAT JOSHI
Uh, yeah, they will be assessing the past us, the skills that you are upscaling in. So just an advice to everyone in Bollywood skilled that do upscaling. Just make sure you have some evidence to show to the tutors after 10 to 12 step break because what they want is that from week one to week six students will be upskilling and after that they will be utilizing those skills in the projects.

0:3:57.350 --> 0:4:6.360
SHASHVAT JOSHI
So that's this, then heads up. Uh, same for the project lead. You have to make sure that everyone is participating. Is there anyone who hasn't contributed in this team?

0:4:13.380 --> 0:4:13.630
SHASHVAT JOSHI
Yeah.

0:4:19.310 --> 0:4:19.560
SHASHVAT JOSHI
Yep.

0:4:26.160 --> 0:4:26.810
SHASHVAT JOSHI
Yeah.

0:4:8.780 --> 0:4:27.290
ANH QUAN HUA
Yeah, I think we'll have a definite answer after our meeting because I have something ohh few things to show and I expect later on everyone to show as well and I will definitely record those who maybe didn't show up or in upload any files because yeah, yeah.

0:4:27.780 --> 0:4:32.90
SHASHVAT JOSHI
And so I'm assuming by next Wednesday I could have the document on the teams channel.

0:4:32.770 --> 0:4:33.130
ANH QUAN HUA
Yep.

0:4:34.80 --> 0:4:35.640
ANH QUAN HUA
I hope so. Yep, Yep.

0:4:40.710 --> 0:4:42.50
ANH QUAN HUA
Right, right, right.

0:4:33.860 --> 0:4:43.740
SHASHVAT JOSHI
Yeah. It's just, yeah, by next Wednesday because I think next week Sunday is the deadline for the good project, the group task. So by Friday, I'll be giving the talk so.

0:4:43.870 --> 0:4:45.140
ANH QUAN HUA
Hmm, right.

0:4:46.70 --> 0:4:46.460
ANH QUAN HUA
By Chen.

0:4:45.590 --> 0:4:48.970
SHASHVAT JOSHI
I wouldn't be won't be joining. I just got a message from them so.

0:4:50.380 --> 0:4:59.230
SHASHVAT JOSHI
Cancel what? I'm working on it. The project for the incentive one, Chris has started his research. He will be given by next week. O2 team. I'm still waiting for the updates.

0:4:59.800 --> 0:5:0.100
ANH QUAN HUA
Right.

0:5:1.180 --> 0:5:5.220
SHASHVAT JOSHI
OK, I'll just stop the recording because Main part has been discussed.

0:5:6.440 --> 0:5:9.250
ANH QUAN HUA
I don't think there's any teams in here.
